PROFESSIONAL SUMMARY

Computer Science Engineering student with hands-on experience in **Artificial Intelligence, Cloud Computing, Web Development, and Database Management**. Proficient in **Python, JavaScript, Firebase, and Supabase**, with practical exposure to **AI/ML concepts, cloud platforms, and networking fundamentals**. Developed innovative solutions including a **Smart India Hackathon Duplicate-Download Detection System** and an **ML-powered Gamified Learning Platform**. Completed internships in **Artificial Intelligence and Data Science**, gaining experience in **data analytics, machine learning workflows, and software development**. Certified in **Microsoft Azure Fundamentals (AZ-900)**, **AWS Cloud Foundations**, and **Cisco Networking** programs, with strong **problem-solving, analytical, and teamwork skills**.

EDUCATION

B.E. Computer Science Engineering, Karpagam Institute of Technology, Coimbatore 2023–2027
CGPA: 7.2/10

Senthil Matric Hr. Sec. School, Dharmapuri 2023
Higher Secondary: 67.88%

TECHNICAL SKILLS

Languages: C, Python, JavaScript

Web Technologies: HTML5, CSS3, JavaScript

Databases: Firebase, Supabase

Cloud Platforms: Microsoft Azure (AZ-900), AWS Cloud Foundations

AI/ML: ML Kit, MD5, SHA-256, Data Analysis

Networking: Cisco Fundamentals

Tools: Git, GitHub, Flutter, Figma, Canva, Cisco Packet Tracer, VS Code

PROJECTS

Data Download Duplication Alert System (Smart India Hackathon)

Developed a file deduplication system using **MD5** and **SHA-256 hashing** to identify duplicate downloads and reduce redundant storage usage. Implemented a **real-time alert mechanism** and maintained structured logs for monitoring and auditing purposes.

Gamified Learning Environment

Developed an interactive learning platform integrating **gamification features** such as points, badges, and leaderboards to enhance user engagement. Implemented **ML-based content recommendations** and used **Firebase** and **Supabase** for authentication, real-time updates, and data management.

INTERNSHIPS

AI & DS Intern, Galwin Technology May 2025

Worked on data analysis and machine learning projects.

Assisted in model development, testing, and validation.

Artificial Intelligence Intern, New Technology Aug 2024

Gained hands-on experience in AI concepts and Python programming.

Developed and tested basic AI-based solutions.

CERTIFICATIONS

Microsoft Azure Fundamentals (AZ-900) – Cloud Computing Fundamentals

AWS Cloud Foundations – Core Cloud Concepts and Services

Cisco Network Essentials – Networking Fundamentals

Network Basics – Network Infrastructure and Protocols

Network Addressing & Troubleshooting – IP Addressing and Diagnostics

Digital Marketing – Digital Marketing Fundamentals

Digital Skills for Work and Life – Professional and Workplace Skills

ACHIEVEMENTS

International Conference Presenter – Presented research at an International Conference.

NSS Camp Member – Actively contributed to NSS community service initiatives.

Smart India Hackathon Participant – Participated in Smart India Hackathon and developed an innovative solution
